

TOKEN X

Company Fact Sheet

Who are we

Token X is a leading regulated ICO Portal and tokenization platform under SCBX Group, enabling the digital issuance of real-world assets through secure and compliant blockchain infrastructure powered by TKX Chain. We deliver end-to-end tokenization solutions and institutional-grade infrastructure.

ICO Portal Regulated by Thailand's Securities and Exchange Commission (SEC)

Our Product

Token X Application

A secure and compliant digital application providing seamless access to tokenized investment opportunities, including account opening (KYC and onboarding) and subscription to investment tokens.

TKX Chain

A public permissioned Layer-1 blockchain built for regulated financial applications, combining institutional-grade security with high-performance, cost-efficient transactions in a secure and compliant infrastructure for enterprise adoption.

TKX APIs and Enterprise Portal

Standard APIs, friendly blockchain access, integrating to your existing applications together with admin dashboard to monitor and manage your tokenization projects effectively

Our Services

Tokenization Consultation (ICO Portal Services)

We provide end-to-end tokenization advisory and execution services tailored to your business objectives. Our expertise includes fundraising through investment tokens, as well as token structuring, tokenomics objectives, tokenomics design, and use case development for utility tokens

TKX Enterprise Solution

A comprehensive technology stack, integration support, and a custom smart contract solution that aligns with your business requirements. Our goal is to ensure a seamless transition into blockchain adoption, empowering your business with the right tools and infrastructure.

Our Success

SUMX Investment Token

Real-estate backed token offering in Thailand issued under the approval of the SEC. Fundraising amount of up to 450 million THB (up to 900,000,000 tokens). The underlying project asset is Summer Point Office Building.

RealX Investment Token

The First Condo-Backed Token in Thailand issued under the approval of the SEC. RealX has raised over \$60+ million during its fundraising period for the purpose of asset acquisition and tokenization, of which a total of 13,186,813 RealX Tokens are then minted in a near 1:1 ratio of the total sq.m of assets acquired. These assets are Park Origin Phrom Phong, Park Origin Phayathai, and Park Origin Thonglor. One RealX Token will prove equivalent to an ownership of 1 sq.m, divided proportionally between all three projects.
